Cookie Policy

Effective Date: 2 November 2026
Last Updated: 2 November 2026
Legal Entity: Thyleads Private Limited, operating Harvin.ai

Harvin.ai uses cookies and similar technologies on our website and services. This policy explains how those technologies may be used and what choices may be available to you.

1. What Are Cookies?

Cookies are small data files placed on your browser or device when you visit a website. Similar technologies may include pixels, local storage, SDKs and other technologies that allow websites and applications to remember information or understand how they are used.

2. Cookies We May Use

Strictly Necessary Cookies

These cookies may be used for authentication, account sessions, security, fraud prevention, load balancing and remembering essential settings.

Functional Cookies

These cookies help remember choices or provide additional functionality, such as interface, language or account preferences.

Analytics and Performance Cookies

These cookies help us understand how visitors use Harvin and may collect information such as pages visited, session duration, interactions, device type, browser, approximate location and referral source.

Advertising or Marketing Cookies

Where enabled, these technologies may be used to measure campaigns, understand conversions or provide more relevant advertising. Depending on jurisdiction, these technologies may require consent or create a right to opt out.

3. Managing Cookies

You can manage non-essential cookies through our cookie preference tool where available and can also configure your browser to block or delete cookies. Blocking certain cookies may affect website functionality.

Where required by applicable law, Harvin will recognise qualifying browser-based opt-out preference signals such as Global Privacy Control.

4. Changes to this Cookie Policy

We may update this Cookie Policy as our website or technologies change. The updated version will be posted on this page.
