Your Privacy Choices

Effective Date: 2 November 2026
Last Updated: 2 November 2026
Legal Entity: Thyleads Private Limited, operating Harvin.ai

This page explains how you may exercise applicable privacy choices, including opt-out, removal, deletion, access and correction rights.

1. Do Not Sell or Share My Personal Information

Harvin does not sell Customer Data provided to us by our customers as a standalone commercial database.

However, certain privacy laws define terms such as 'sale' and 'sharing' broadly and may treat certain disclosures, advertising technologies or data-related activities as a sale, sharing or targeted advertising even where money is not exchanged directly for personal information.

Where applicable law gives you the right to opt out, you may ask us not to sell or share your personal information. You do not need to create a Harvin account to submit an applicable opt-out request.

2. Business Contact Removal

Harvin may process professional or business-contact information through customer workflows, account intelligence, research, enrichment or integrations with third-party business-data providers.

If information relating to you appears in data controlled by Harvin and you would like it removed or suppressed where applicable, you may submit a request. We may retain a limited suppression record, such as a business email address or other identifier, solely to prevent re-addition.

3. Targeted Advertising

Where Harvin uses advertising technologies and applicable law gives you the right to opt out of targeted advertising or advertising-related sharing, you may exercise that choice through our cookie controls or by contacting us.

4. Global Privacy Control

Where required by applicable law, Harvin recognises qualifying browser-based opt-out preference signals such as Global Privacy Control. A browser signal may not contain enough information to identify a separate business-contact record. If you also want a business-contact record removed, please submit a request directly.

5. Requests You Can Submit

- Opt out of sale or sharing of personal information
- Opt out of targeted advertising
- Remove or suppress a business-contact record
- Access your personal information
- Correct inaccurate personal information
- Delete personal information
- Exercise another privacy right available under applicable law

6. Submit a Request

Please provide your full name, business email address, company name if relevant, country, state or province if applicable, request type, and any information reasonably necessary to locate the relevant record. Requests may be sent to admin@harvin.ai or made by phone at +91 8769673818.

Harvin will not discriminate against you for exercising a privacy right available to you under applicable law.
